Declination of Influenza Vaccination For Health Care Personnel

Employee's Name:	Employee's ID#:
patients I serve. I have read the Cent Vaccine Information Statement expla	eive the influenza vaccine to protect myself and the ers for Disease Control and Prevention's (CDC) tining the vaccine and the disease it prevents. I have tement and have my questions answered by a ne following facts:
 Influenza vaccination is recommend facility's patients from influenza, its If I contract influenza, I can shed the shedding the virus can spread influe If I become infected with influenza, are mild or non-existent. I understand that the strains of virus even if they don't, my immunity decrecommended each year. I understand that I cannot get influence of my refusing to my health and the health of those with healthcare facility, coworkers, my face. Because I have refused vaccination. 	e virus for 24 hours before influenza symptoms appear. My enza to patients in this facility. I can spread severe illness to others even when my symptoms that cause influenza infection change almost every year and, clines over time. This is why vaccination against influenza is nza from the influenza vaccine. be vaccinated could have life-threatening consequences to ith whom I have contact, including all patients in this
Despite these facts, I have decided to	ocument in its entirety and fully understand it. decline the influenza vaccine by my signature s this issue at any time and accept vaccination in the
